You are forbidden to access your own account, that of a spouse, relative, friend, neighbor, or any account in which you have a personal or financial interest. If you are assigned to work on one of these accounts contact your supervisor.
2. If you are asked by another person to access an account or other sensitive or private information, **VERIFY** that the requested access is authorized. You will be held responsible if the access is not authorized. As a general rule, you should not use a computer or terminal in behalf of another person.
3. **PROTECT YOUR PASSWORD** from disclosure. You are responsible for any computer activity associated with your password. **DO NOT SHARE** your password with others or reveal it to anyone, regardless of his/her position in or outside the USDA. **DO NOT POST** your password in your work area. **DO NOT USE** another person's passwords. **USER IDs** must be treated with the same care as your password. Everything done with your user ID or password will be recorded as being done by you.
4. **PASSWORD DISTRIBUTION AND REFRESHMENT** must be done securely.
5. **CHANGE YOUR PASSWORD** if you think someone else knows your password. Immediately notify your supervisor or your Functional Security Coordinator or Security Representative. Passwords for FFIS and the FFIS Data Warehouse will be changed every 30 days as prompted by the system.
6. **DO NOT PROGRAM** your login or password into automatic script routines or programs.
7. **LOG OFF/SIGN OFF** if you go to lunch, or break, or anytime you leave your computer or terminal.
8. **RETRIEVE ALL** hard copy printouts in a timely manner. If you cannot determine the originator or receiver of a printout, dispose of it in a burn waste container or shredder.
9. **IDENTIFY ALL** sensitive applications or data that you will be placing on a system, and any equipment processing sensitive information to your supervisor, so that appropriate security measures can be implemented.
10. **DO NOT USE USDA COMPUTERS** or software for personal use.
11. **DO NOT USE PERSONAL EQUIPMENT** or software for official business without your supervisor's written approval.
12. **DO NOT INSTALL OR USE UNAUTHORIZED SOFTWARE** on USDA equipment. Do not use freeware, shareware or public domain software on USDA computers, without your supervisor's permission and without scanning it for viruses. Comply with local office policy on the use of antiviral software.
13. **OBSERVE ALL SOFTWARE LICENSE AGREEMENTS.** Do not violate Federal copyright laws.
14. **DO NOT MOVE EQUIPMENT** or exchange system components without authorization by the appropriate functions and manager's approval.
15. **PROTECT USDA COMPUTER EQUIPMENT** from hazards such as liquids, food, smoke, staples, paper clips, etc.
16. **PROTECT MAGNETIC MEDIA** from exposure to electrical currents, extreme temperatures, bending, fluids, smoke, etc. Ensure the magnetic media is secured based on the sensitivity of the information contained, and practice proper labeling procedures. **BACKUP** critical programs and data, and store in a safe place. Back ups should be performed as often as program and data sensitivity require.
17. **DO NOT DISCLOSE THE TELEPHONE NUMBER(S)** or procedure(s) which permit system access from a remote location.
19. **DO NOT DISCLOSE** or discuss any USDA personnel or vendor related information with unauthorized individuals. The Privacy Act of 1974, 5 USC 552a, prohibits such disclosure.
